LAPPSET®

Interactive – A New Way To Play

At Lappset, we're revolutionizing play for everyone! Our mission is to improve the wellbeing of the world by creating inspiring playces that stretch the imagination, foster learning, respect the environment and encourage activity for all mankind. We strive for inspiring play opportunities by creating state-of-the-art products that merge gaming with outdoor activities. Our high-quality interactive playsets lead the way: From Sona – an innovative dance and playing arch - to Toro, a dynamic sports arena; from Fono's DJ booth to Memo's playful learning pillars and Sutu's interactive ball wall that will help you take your skills to the next level – every piece of equipment offers unique experiences perfect for any target group!

At Lappset, we believe interactive play transcends boundaries—providing an ideal interface between the digital and physical world. No matter your nationality, language preference, or user needs, our inclusive and intuitive gaming solutions extend a universal invitation to explore while adapting levels of difficulty for any individual player's ability. We merge the digital and physical realms through play to provide exciting challenges with real-world rewards! If that wasn't enough, each product is designed with green power technology, which makes it easy to fit into any location! We are proud to offer outdoor learning experiences filled with imagination, fun & adventure - guaranteeing unforgettable moments at every age level.

Our playgrounds redefine inclusion—providing all users with an equal opportunity to challenge themselves and take advantage of the excitement that play brings. With barrier-free entry for everyone, Lappset Interactive products promote movement for every heartbeat!

Table of contents

Customize Your Interactive Playset

Let your imagination run wild with Lappset Interactive - the perfect playground solution for creating something truly unique! Do you know what's the best about our customization? We can customize the product's look and feel as well as its software by changing the games, voice samples, and more. Our customizable equipment gives you complete design freedom, from choosing your color palette and flooring to adding logos or illustrations. And that's not all: just get in touch at sales@lappset.com, and we'll tell you how our products can really make a statement in any playground setting!

Example: This unique Lappset Memo with custom music game and custom floor design was designed for the non-profit organization Meer Muziek in de Klas (More Music in the Classroom)

Customize Your Games

Our dedicated team is passionate about crafting tailored solutions that cater to your players' unique desires and requirements. Picture a playground that resonates perfectly with your audience, offering an experience they won't find anywhere else.

Imagine a personalized quiz in your Memo or a tailored playlist for the Sona, the possibilties are endless and avaiable for all the interactive playsets,

We understand that each project is as distinct as the players it serves, and that's why we're committed to creating spaces that stand out from the rest. Reach out to us today at sales@lappset.com and let's start the journey towards your unique interactive playground.

Lappset Sona Recommended Layout

Design Template

Yalp Solar solution

Sona caps in a custom color

The Yalp Sona Interactive dance and play arch works intuitively. Just walk under the bow; it will immediately ask you if you want to play a game!

Floor with numbers, shapes, and colors are essential for the gameplay. By default, Yalp provides an artificial turf floor with a diameter of ø 3,8m.

Set of concrete tiles around the play area to protect it from landscaping machinery

An extra ring of artificial turf to enlarge the play area. ø 5,5 m.

Hardened pathway to create accessibility for all

Lappset Chillout bench Linax positioned around the play zone. Are you able to sit still, or will you join the game?

Let's not forget, a litter bin!

With an online platform where you can easily manage interactives!

Or request a custom game!

NEW!
Lappset Luna Interactive dance and play spot

Lappset Luna Interactive dance and play spot - an inclusive playset that adds magic to any indoor space.

Luna is an interactive playset that magically responds to the players in it. It detects players' movement and reacts with sound and music. Children are encouraged to dance, play and work together in various games. Every time you enter the field you will be surprised with new games and challenges to discover together.

- Centrepiece of your play area: Luna can turn any area into a magical environment in all lighting situations. The play area stays clear for maintenance or flexible use of your space.
- Inclusive play: Luna has no thresholds – everyone can simply step in and join the game.
- High play density: Luna provides endless fun for big groups of players in just a few square meters.
- Advanced sensor technology: Can be installed in any indoor location

Lappset
Outdoor
Classroom

The Lappset Outdoor Classroom embodies a commitment to lifelong learning, with an infinity symbol inspiring its layout. It seamlessly integrates an active zone with the central Lappset Memo, tailored to complement each school's curriculum. A modular classroom area enables the preparation, engagement, reflection, and assessment of Memo lessons. This multi-zoned layout promotes the incorporation of Memo into daily educational practices. A connecting running track enhances functionality and symbolizes the pursuit of knowledge.

Lappset Outdoor Classroom elements

Q19001 — Student

< 600 mm EN1176

A charming and compact wooden unit designed for individual or small group seating. The small platforms allow note-taking or doodling, encouraging interactive learning in an intimate setting. A small play panel with numbers helps communication and enhances play.

Q19002 — Apprentice

< 600 mm EN1176

This smaller unit provides a comfortable seating option for young learners on two levels. It features a built-in blackboard for creative expression and interactive discussions, fostering a collaborative environment for small groups. The Clock Play and small abacus panels help with communication and allow play.

Q19003 — Teacher

< 600 mm EN1176

A charming and compact wooden unit designed for individual or small group learning. The small platform allows note-taking or doodling, encouraging interactive learning in an intimate setting. The blackboard panel helps with communication and encourages creativity. With a larger blackboard, it is the most suitable for the class teacher.
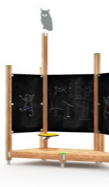

Q19004 — Professor

< 600 mm EN1176

A charming wooden unit designed for small group learning. The small platforms allow note-taking or doodling, encouraging interactive learning in an intimate setting. The blackboard panels help with communication and encourage creative activities.

Q19005 — Engineer

< 600 mm EN1176

This medium size unit provides a comfortable seating option for young learners on two levels. The small platforms allow note-taking or doodling, encouraging interactive learning in an intimate setting. It features a built-in blackboard for creative expression and interactive discussions, fostering a collaborative environment for small groups. The small abacus panel helps with communication and allows play.

Q19006 — Scientist

< 600 mm EN1176

This medium size unit provides a comfortable seating option for young learners on two levels. The small platforms allow note-taking or doodling, encouraging interactive learning in an intimate setting. It features a built-in blackboard for creative expression and interactive discussions, fostering a collaborative environment for small groups. The Clock Play and small abacus panels help with communication and allow play.

Q19007 Pioneer

< 600 mm
EN1176

This elevated platform unit takes learning to new heights and includes play elements and interactive panels. It features built-in blackboards for creative expression and interactive discussions, fostering a collaborative environment for small groups. It is designed for larger groups and combines educational features with playful elements, making it an exciting and dynamic focal point in the outdoor classroom.

Q19008 Pathfinder

A larger unit with an array of play elements and integrated play panels. This unit transforms learning into a multisensory experience, encouraging exploration, creativity, and collaboration. The blackboard remains a central feature, fostering educational engagement in a playful environment.

Q19009 Explorer

The Discovery Haven's largest unit in the collection is a comprehensive learning environment. It combines spacious seating with play elements, interactive panels, and multiple blackboards. This unit is the ultimate destination for collaborative learning, play, and imaginative exploration in the outdoor classroom.

Lappset Outdoor Classroom elements with a falling height below 60 cm, no impact material is needed according to EN1176 standards.

Create an environment for student-led learning

Lappset Sutu Interactive ball wall
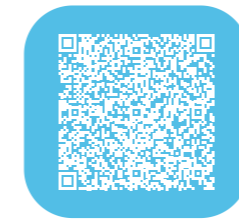

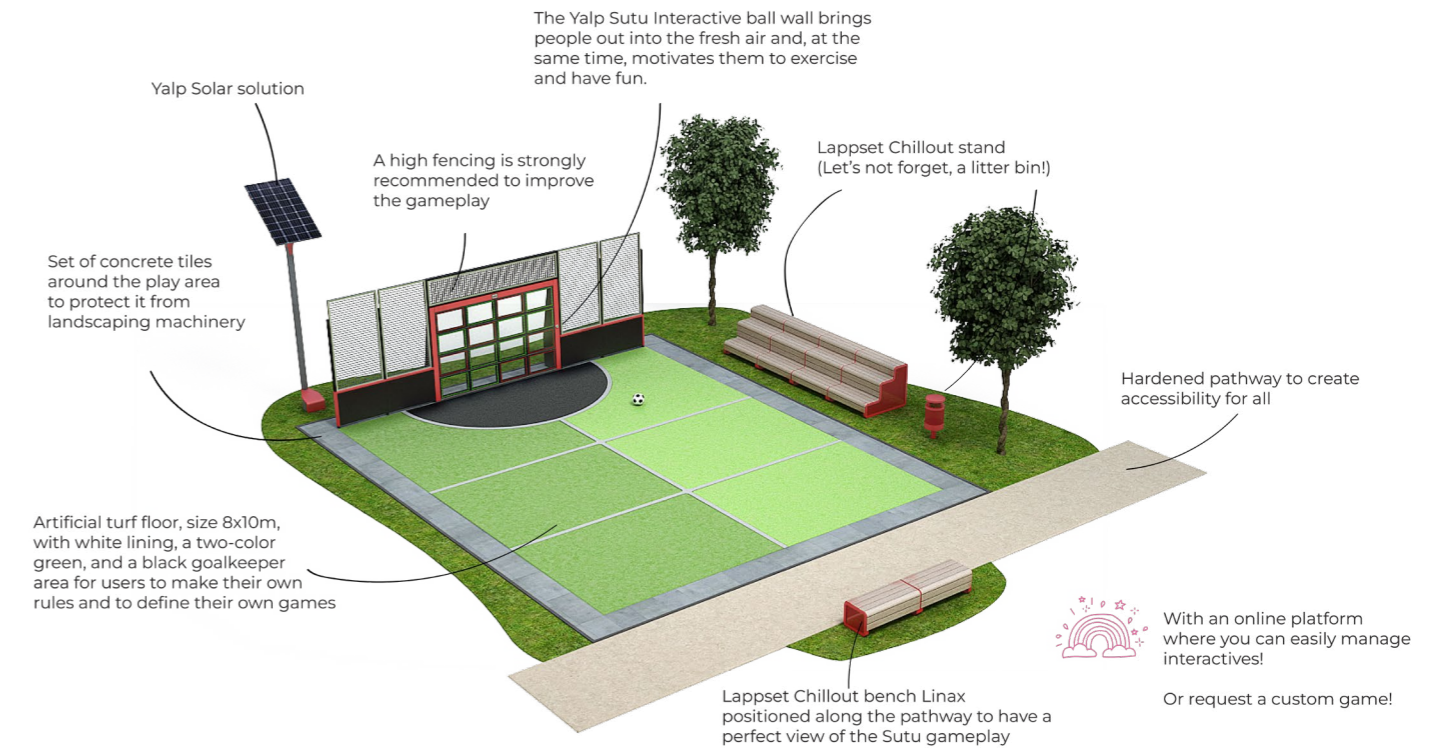

Here are some key features of the Sutu:

- Stands out by seamlessly blending advanced technology with user-friendly and intuitive game designs
- Fun for all ages and abilities – Widen your target group and attract more visitors
- Remains challenging – a long term fun attraction using frequent game updates
- The ball wall's 16 illuminated LED panels are impact-sensitive, adding a dynamic and responsive element to the games

Lappset Fono Recommended Layout

Design Template

Yalp Solar solution

The Yalp Fono Interactive DJ-booth provides a positive way to express yourself. Simply spin your tunes by using sound packs available on the Fono or by connecting your smartphone

Let's not forget, a litter bin!

Seating elements are positioned around the activity zone.

Set of concrete tiles around the play area to protect it from landscaping machinery

Activity zone made with unique pavement and material for dancing, workouts, various games or products with music guidance by the DJ!

With an online platform where you can easily manage interactives!

Or request a custom game!

Hardened pathway to create accessibility for all

Tools

My Yalp
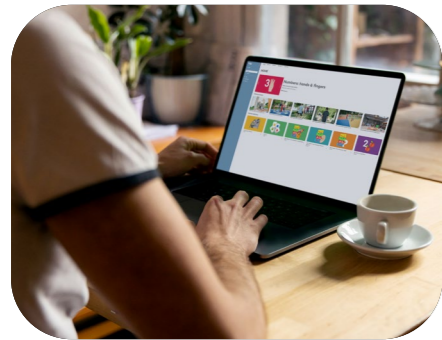

Unlocking the potential of interactive play! Our My Yalp online tool provides you with full control over your playground equipment. Our creative and dedicated design team is also constantly crafting new games to keep things fresh - ensuring that anyone can enjoy this incredible experience!

Yalp+

Yalp+ is a free (web)app available for the Lappset Interactive playground equipment where users can enjoy more play possibilities. Are you looking for an interactive product nearby? Do you want to learn how to play a game? Or are you looking to compete with your friends or join a fun activity? Yalp+ offers many new experiences for your interactive playground equipment!

Dashboard

The Dashboard is our online platform showcasing a complete collection of Lappset interactive data. Leveraging the connectivity of our products to the Internet, we provide real-time insights into their locations, usage, and popularity, allowing you to observe live activity and identify which products are currently in use and the specific games being enjoyed.

Warranty

We promise our customers that they can enjoy our Lappset products for several years without worries. We offer a Ten-year warranty period on the construction and a Two-year on the electronic parts, which can be upgraded on initial purchase to Five-year by a Carefree Pack.

The warranty also comes with:
- Lifelong online ticket support for all your questions
- Continuous firmware & software updates and lifelong expert advice, training, and service
- Our warranty does not cover vandalism or faulty use.

We have limited our warranty for harsh climates and close proximity to the sea.

Download the full warranty document on our website.

Terms and Conditions

- Prices listed in this document will put into effect on the 1st of January 2024.
- All prices mentioned are excluding VAT, import duties, country-specific certificates, costs for the legalization of documents for customs clearance and other possible costs and duties
- For the complete terms and conditions, see the international terms and conditions of sales, delivery, and service from Lappset Interactive (formely known as Yalp). These terms apply to and are part of all our transactions and have been registered at the Chamber of Commerce in Utrecht.
- Unless otherwise agreed, the Goods ordered by Customer shall be delivered on the basis of delivery condition FCA Yalp factory Nieuwenkampsmaten 12, 7472 DE in Goor, The Netherlands (Incoterms 2020)
- Interactives are standard delivered in EN or NL language. Most of the language packs are available. New released games will not automatically be available in your language. Contact us for details.
- Payment conditions: 100% payment before shipment unless otherwise agreed.

Transportation and Storage Conditions

Yalp stimulates their distribution partners to purchase products to stock and transport and store products according specific conditions. In all cases, it is not recommended to store (electronic) products for longer than 12 months. For more information on our transportation and storage conditions please refer to our documentation.
