

tryAngle

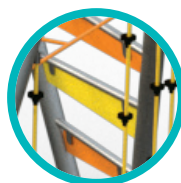

Don't forget to play!
— since 1991 —

CLEAR FORM LANGUAGE

The two-dimensional basic shape can be planned into the room in a variety of ways

CONTRAST AND TRANSPARENCY

Color accents create eye-catchers without changing the inviting and open form

SMALL SPACE, LOTS OF FUN

The sensibly combined elements provide a lot of play value in a small space

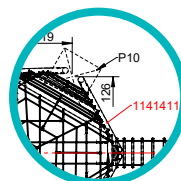

DURABLE, HIGH QUALITY

Stainless steel posts, Hercules rope and HPL segments offer long-lasting fun for different age groups

PLAYING FOR EVERYONE

All TryAngle products reach inclusion levels under certain conditions. Combinations with an inclusive focus will be available soon.

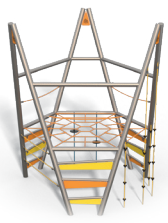

OPTIMIZED SOLUTIONS

Sophisticated designs facilitate transport, assembly and maintenance

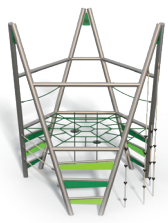

COLOR SCHEMES

To help you choose the right color accents for your playground equipment, we have developed a number of color concepts, which can be integrated thematically into your projects:

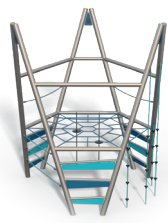

„SUN“

Warmth and cheerfulness with yellow and orange accents

„NATURE“

Motivating with reference to nature through shades of green

„BLUE“

Maritime charm thanks to blue colors, ideal for areas with water

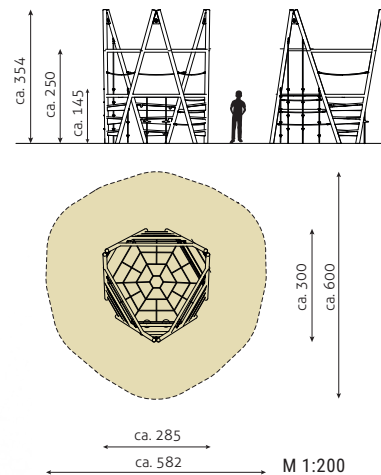

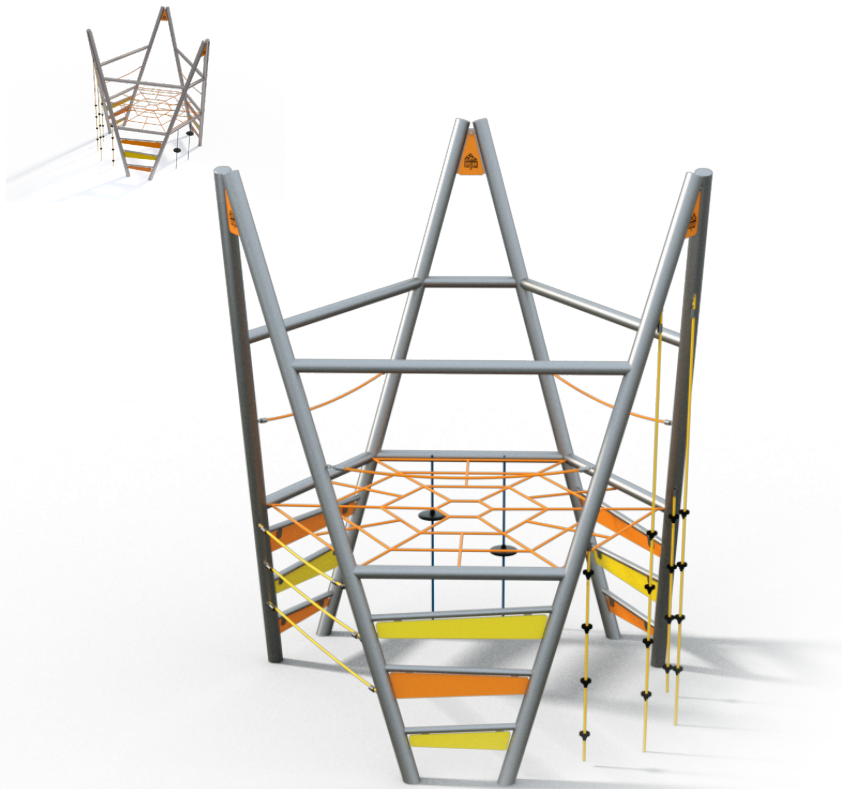

„TERRA“

Earthy, subtle colors create places to discover
